Please Note: It is not possible to cut down Coded Tekno 40 rods on site due to internal notching.

It is possible to cut down Hand Draw Tekno 40 rods.

* Rods longer than 106" will be shipped in 2 equal pieces to avoid high transport costs.

Hand Drawn ensembles include rodling, **Ball Bearing Carriers**, 36" fling wand, splice and supports.

One Way and Center Draw ensembles include rodling, **Nexgen glides**, pulley, splice and supports.

Corded rods do not include Ball Bearing carriers, as they cannot be inserted at installation site.
